FIFTEENTH ANNUAL REPORT

—OF THE—

BOARD OF CHURCH EXTENSION.

We must open our Fifteenth Annual Report with a record of death. On the eighth day of March, Cornwell Sage, Esq.—one of the members of this Board, and a Ruling Elder in the Second Presbyterian Church of St. Louis, was called by the Master, from his sphere of labor here, to his rest and reward in “that house not made with hands—eternal in the heavens.”

For ten years he had faithfully served in this Board, and being by profession an architect and builder, and a man of sound practical wisdom, was well qualified for his office. May he who shall be called to fill his place, be as faithful.

In presenting this Report, we are thankful to be able to speak of progress in all the departments of the work committed to our hands. Our church at large is manifestly rising to a higher and more just appreciation of the importance of this Board and of the powerful influence which it exerts upon all the other departments of Christian enterprise. It is felt and recognized as an agency for good, which the church cannot dispense with, but which must be sustained and carried forward with still greater liberality and zeal. The union of these two Boards, which for the last fifteen years have labored separately (though not antagonistically) will it is hoped and believed, not only add strength and force to the working machinery employed, but also serve to wake up and stimulate to renewed effort the entire re-united church. In this confident expectation we trust we may not be disappointed.

The progress made during the year, may be more satisfactorily seen, from the following facts and figures.

The number of churches, that have contributed during the year, is 1,086, or 71 more than last year. The average grants of the Board have been \$523, an advance of eight per cent. upon last year.

—

APPLICATIONS.

During the year just ended, one hundred and fifty-two (152) churches asked for aid, to the amount of \$116,652,81, averaging \$772 to each church.

Last year one hundred and forty-one churches applied for \$77,367,88, an average of nearly \$549 to each church. Thus, we see that while the number of applications is only eleven in advance of last year, the amount asked for is greater by \$39,284,93. Whether this indicates the greater poverty of these churches needing houses of worship, or an increasing desire for large and more costly buildings, your Board will not undertake to decide. It shows however the importance of great carefulness on the part of the Presbyteries, by whom these applications are endorsed; that no unnecessary tax be laid upon the Board, who are bound to make a just and equitable distribution of the funds entrusted to their hands.

If to the one hundred and fifty-two applications filed during the year, there be added those not disposed of at April 1st, 1869, it will be seen that the Board actually had before them during the year under review, applications from two hundred and twenty-five churches, calling for \$180,752,81—an amount much larger than in any year of its previous history.

There remained on file, April 1st, 1870, awaiting the receipt of further information, applications from sixty-nine churches, calling for \$66,050.

APPROPRIATIONS.

Appropriations were made during the year to one hundred and twenty-five churches named in the Appendix. The amount granted to these churches was \$65,456,15—being an average of \$523 to each church. In comparatively few instances, has the appropriation been less than the amount asked for and recommended by the Presbytery.

Appropriations to the amount of \$3,650 were, during the year, withdrawn from seven churches, because not called for within the prescribed time of two years. To four of these churches, however, new appropriations have since been made.

One hundred and twelve churches during the year drew their appropriations amounting to \$60,213,13.

RECEIPTS AND EXPENDITURES.

The balance, appropriated and unappropriated on hand, April 1st, 1869 was \$48,939,09. The receipts from April 1st, 1869 to April 1st, 1870, were \$73,060,01. The entire amount of the funds of the Board during the year, was therefore \$121,999,10.

From the Treasurer's Report in the Appendix it appears that the expenditures were \$65,338,57. The balance therefore in the Treasury at April 1st, 1870, is \$56,660,53.

There were however unpaid at that time, liabilities amounting to \$13,900, leaving an unpledged balance of \$42,760,53 to meet applications already filed (and that may at any time furnish the requisite information) amounting to \$66,050.

Presented in the usual tabular form, the financial condition of the Board, at April 1st, 1870, was this, viz:

Pledges already given,.....	\$13,900 00
Applications filed, but not yet acted on,.....	66,050 00
	<hr/>
Total demands, April 1st; 1870,.....	\$79,950 00

THE WORK DONE.

With this report, the Board of Church Extension closes its fifteenth year of labor. In that time it has received in all \$515,287,36. It has made appropriations to one thousand and forty churches, amounting to \$458,780. It has thus aided in securing church property worth \$3,575,000 and in furnishing church accommodation to at least two hundred and fifty thousand worshipers.

We cannot give the exact figures in reference to the work of the Church Erection Committee, (whose report will speak for itself) but from what we gather from their Annual Reports, we judge that during the same fifteen years they have received about \$300,000 and aided about 480 churches with grants and loans amounting to nearly \$200,000. Our now happily united Presbyterian church has therefore since 1855, raised through its organized agencies over \$815,000 for Church Extension, and aided in the erection of more than fifteen hundred and twenty churches that

will probably accommodate three hundred and sixty thousand worshipers, and secured church property worth over \$5,000,000.

This is in view of all the facts, a cheering record, and far surpasses the organized Church Extension work of any sister church in the land. It falls however, far short of the wants and the opportunities of our time and our Country. With an annual addition of nearly a million to our population, with the organization of nearly two hundred churches annually in our communion,—with the appeals of our more than four hundred houseless bands of disciples ringing in our ears, we may well call upon our four hundred thousand members for a million dollars, to push forward a work, whose ample experience has shown it to be so vital and permanent in its influences and results. If the divided streams of our Presbyterianism have in the last fifteen years moved with a current so broad and beneficent, with how much wider and deeper a flow should their united waters fertilize and bless our goodly heritage. Let us as wise men, gird ourselves anew in this auspicious hour for a far more vigorous obedience to the command, “Go up to the mountain and bring wood and build the house,” that the Lord may verify unto us yet more abundantly, His promise to “take pleasure in it and be glorified,” and that our land, now imperilled by the floods of ungodliness may become in truth the glory of all lands, where Jehovah will deign to dwell.

By order of the Board.

SAM'L J. NICCOLLS, PRESIDENT.

H. R. WILSON, CORRESPONDING SECRETARY.
